## Description

We have just released our new Water Jetter Service Utes ready to go based on a new Toyota Hilux Turbo Diesel Workmate Ute and a full aluminium powdercoated service body with a 5000psi Water Jetter. These service bodies are a great signboard for your business and have been tried and tested for many years. Please note, if we have no stock, the lead time on these utes is 8-10 weeks.

The Water Jetter package is a Racejet 5000 and comes complete with a Remote Mini Reel and Mustang Nozzles parts. [Click to see the Racejet 5000 Water Jetter here.](#)

See what one looks like with the full design and signage service at the bottom of this page.

(These can be fully depreciated under the \$30k instant asset write-off because the invoice will show a breakdown of the 3 main components each well under the threshold.)

### Service Body Features Include:

- Full alloy service body with shelves
